Under Bed

Bed warmer under the mattress: a warm, dry bed every night

The under-mattress bed warmer: a warm, dry bed every night

PRODUCT DESCRIPTION

Under Bed goes under the mattress and takes the chill off your bed before you get in. Its gentle, dry heat rises through the mattress, reduces moisture and leaves it fluffy and comfortable: you get into bed and it is already warm, with your usual winter duvet. A 180 × 60 cm heating panel that warms the base of the bed. It works on slatted bed bases and on solid board bases, such as upholstered bases or storage beds. During the promotion, the panel comes inside a free fabric cover, while stocks last.

MAIN FEATURES

- ✔ Under the mattress, on a slatted or solid bed base
- ✔ 180 × 60 cm panel (free cover while stocks last)
- ✔ Reduces mattress moisture and takes the chill off at bedtime
- ✔ 3-level controller and automatic shut-off after 10 hours
- ✔ Safety thermostat at 45 °C
- ✔ 5-year warranty
